Digital Audio Workstations

		For price conditions: see disclaimer at bottom of page	End User
Soundscape 32 <i>HWP-0006</i>	32 Track, 24bit DAW with 28in, 32out Digital I/O (24 in/out via 3 x TDIF ports, 2 in/4 out AES/EBU, 2 in/4 out 24/96 analog), MTC Sync (In/Out/Thru) and Wordclock I/O. 2 x removable and 2 x internal hard disk slots, Host interface card (PCI Bus) and cable. Includes: v4 & v5 Software, Console manager, Remote Device Control Software. Audio Toolbox and Time Module Plugins.		2895.00 USD
Soundscape 32 Mixpander/9 <i>HWP-0007</i>	Soundscape 32 Mixpander/9 32 Track, 24bit DAW with 28in, 32out Digital I/O (24 in/out via 3 x TDIF ports, 2 in/4 out AES/EBU, 2 in/4 out 24/96 Analog), MTC Sync (In/Out/Thru) and Wordclock I/O. 2 x removable and 2 x internal hard disk slots, PCI Host Interface Card and cable. Includes v4 & v5 Software, Console Manager, Remote Device Control Software, Audio Toolbox and Time Module Plugins. Plus Mixpander/9 card purchased at the same time.		3495.00 USD
Mixpander/9 PCI card <i>AFN-005</i>	PCI audio card with 9 DSPs. Connects to a Soundscape DAW (Soundscape 32, Soundscape 16, R.Ed or SSHDR1-Plus) or a Soundscape I/O unit (iBox 48-xx, iBox 64-xx) via the Expansion port. Adds a huge amount of extra DSP processing power for mixing, effects and processing. Includes 36 internal mixing busses. Adds up to 64 audio streams in each direction between the Soundscape Mixer and the host PC. Seamless integration of VST(i) plug-ins.		1495.00 USD
Soundscape Syncboard <i>AKT-002</i>	Option for Soundscape 16/32 DAWs. LTC sync input/output. VITC sync input. Video sync input (e.g. black burst). BITC video output. 9-pin Controller, Layback and Synchro modes (master). 9-pin Device mode (slave). 9-pin time code slave sync capability in Controller, Layback and Synchro modes. Full chase or trigger slave synchronization.		745.00 USD
iEdit 128-K, US layout <i>HWP-0010</i>	Qwerty Keyboard (US Layout) plus 48 Programmable Keys. Comes with build in PS/2 Controller + Hub and 48 Configurable Keycaps. Programming Software for Windows and Tool to change Keycaps included.		495.00 USD
iEdit 128-M <i>HWP-0011</i>	Matrix Editing Controller for Soundscape Editor 4.2 and Above with 128 Programmable Keys. Comes with build in USB Controller + Hub and 150 Configurable Keycaps. Programming Software for Windows and Tool to change Keycaps included.		495.00 USD
iEdit 128-M / iEdit 128-K bundle, US layout <i>HWP-0012</i>	Bundle of iEdit 128-M (Matrix Editing Controller for Soundscape) and iEdit 128-K (Qwerty Keyboard plus 48 Programmable Keys), for use with Editor v4.2 and above.		935.00 USD
iEdit 128-M / iEdit 128-K bundle, German layout <i>HWP-0012-DE</i>	Bundle of iEdit 128-M (Matrix Editing Controller for Soundscape) and iEdit 128-K (German layout Keyboard plus 48 Programmable Keys), for use with Editor v4.2 and above.		935.00 USD
iEdit 128-K USB option <i>HWP-0023</i>	This USB controller option expands the connection possibilities of the iEdit 128-K. If the iEdit 128-K needs to be connected to the PC through a USB connection, this option is required, as the iEdit 128-K has a PS2 connection as standard. If the iEdit 128-K is used in combination with the iEdit 128-M, this option is not required, since the iEdit 128-M will provide the USB connection capability.		99.00 USD

PCI Audio cards

		For price conditions: see disclaimer at bottom of page	End User
Mixtreme 192 <i>HWP-0001</i>	PCI audio card with embedded DSP and 16 channels of digital I/O		595.00 USD
Mixtreme 192 S/PDIF option <i>ASB-019-1</i>	Adds S/PDIF input and output functionality to the Mixtreme 192 PCI card. 192kHz compatible. RCA input switchable in software between S/PDIF, WordClock, SuperClock or FrameClock. Easy to install.		32.00 USD
Mixtreme 192 power PAK 16 (US) <i>HWP-0021-US</i>	Bundle of: Mixtreme 192, 2 x iBox 8-LINE and Audio Toolbox. Two TDIF cables included. Suitable for US power outlet.		595.00 USD
Mixtreme 192 pre PAK (US) <i>HWP-0022-US</i>	Bundle of: Mixtreme 192, iBox 2-MIC, iBox 2-LINE and Audio Toolbox. 2 TDIF cables included. Suitable for US power outlet.		620.00 USD
Mixtreme 192 studio PAK (US) <i>HWP-0026-US</i>	Bundle of: Mixtreme 192, iBox 2-MIC, iBox 8-LINE and Audio Toolbox. 2xTDIF cable included. Suitable for US power outlet.		745.00 USD

Plug-ins & software

Soundscape PCI Host <i>AKT-001</i>	Soundscape high speed controller PCI Host Interface card for SSHDR1-Plus, R.Ed 16/24/32 and soundscape 16/32.		205.00 USD
Soundscape HOST cable <i>053-109</i>	Host to Host Cable to connect soundscape DAW to PCI Host Card. Length: 1.5 meter.		65.00 USD
Soundscape 32 PARA <i>085-208</i>	Parallel Port Host Interface Cable for Soundscape 32/16 or R.Ed. Allows the system to be used with Notebook PCs or PCs without free slots. Requires EPP mode Printer Port. Note: Some Notebook PCs do not support EPP mode.		155.00 USD
Soundscape Drive Carrier <i>ASB-007</i>	Spare Soundscape hard disk Carrier. For use with Soundscape 16/32, R.Ed and SSHDR1. Also includes frame for internal replacement.		45.00 USD
Analog XLR IN snake (3 meter) <i>MSB-001</i>	Sub-D 25 to 8x XLR Analog Input, Hi-End Audiophile Multicore-Cable. Length: 3 meter. For iBox 48 TA, iBox 64-MADi-TA, iBox 48-AA, iBox 64-MADi-AA, iBox 48-SA, iBox 64-MADi-SA and Apogee I/O 896.		175.00 USD
Analog XLR OUT snake (3 meter) <i>MSB-000</i>	Sub-D 25 to 8x XLR Analog Output, Hi-End Audiophile Multicore-Cable. Length: 3 meter. For iBox 48 TA, iBox 64-MADi-TA, iBox 48-AA, iBox 64-MADi-AA, iBox 48-SA, iBox 64-MADi-SA and Apogee I/O 896.		175.00 USD
Analog XLR snake PAK <i>HWP-0017-01</i>	3x Sub-D 25 to 8x XLR Analog Output, 3x Sub-D 25 to 8x XLR Analog Input, Hi-End Audiophile Multicore-Cable. Length: 3 meter. For iBox 48 TA, iBox 64-MADi-TA, iBox 48-AA, iBox 64-MADi-AA, iBox 48-SA and iBox 64-MADi-SA.		595.00 USD
Analog multicore Sub-D snake (60 cm) <i>HWP-0030-04</i>	D-Sub 25 to D-Sub 25, hi-end audiophile multicore cable, 60 cm to connect iBox 8MPA to iBox 48/64 with analog.		125.00 USD
AES-EBU I/O snake (3 meter) <i>MSB-003</i>	Sub-D 25 to 4x XLR-In and 4 XLR-Out (each stereo AES), Hi-End Audiophile Multicore-Cable. Length: 3 meter. For Apogee I/O 896.		199.00 USD
Analog TRS (Jack) snake <i>MSB-002</i>	Sub-D 25 to 8x TRS (Jack) Analog Input/Output, Hi-End Audiophile Multicore cable. Length: 3 meter.		125.00 USD
Analog TRS (Jack) snake PAK <i>HWP-0017-02</i>	6x Sub-D 25 to 8x TRS (Jack) Analog Input/Output Hi-End Audiophile Multicore cable. Length: 3 meter.		595.00 USD
Mixpander expansion cable <i>085-205</i>	Spare cable for connecting a Soundscape 32 to Mixpander or for connecting Mixpander to a compatible iBox.		75.00 USD
TDIF cable (50 cm) <i>MSB-015</i>	TDIF male to male cable. Length: 50 cm (20")		22.00 USD
TDIF cable (2 meter) <i>053-124</i>	TDIF male to male cable. Length: 2 meter. (80")		25.00 USD
Rack mount frame iBox <i>085-074</i>	Frame for mounting 2 half-width iBox units (iBox 2-LINE, iBox 8-LINE, iBox 2-MIC and iBox 4-AES) in a 19" rack space of 1U.		60.00 USD
